

Our vision:

The IAAI will continue to serve as the global resource for those serving the associated with fire, arson and explosion investigation profession with respect to fire safety / prevention, arson enforcement, /prosecution, and fire claims / litigation.

Our Mission:

To provide active support to fire, arson and explosion investigation professionals along with organizations and industries serving and associated with fire losses, through leadership, education and training, professional development / credentialing, networking and the provision of resources.

To encourage all in the profession to better communicate to those we serve how they are impacted by fire loss and arson.

Code of ethics: We will –

as Fire and Arson investigators, regard ourselves as members of a vital and ethical profession;

Conduct both our personal and official lives so as to inspire the confidence of the public;

Regard it our duty to avail ourselves of every opportunity to learn more about our profession;

Encourage and support professional standards for the fire and arson investigators;

Assist our members and obtain world class training and professional qualifications;

Avoid alliances with those whose goals are inconsistent with an honest and unbiased investigation;

And bear in mind always that we are truth seekers; that it is important to protect the innocent, hold accountable those responsible and convict the guilty.
